BRIEF ON INUA JAMII CASH TRANSFER PROGRAMME

Mr. Simon K. Chelugui, EGH
CS, Labour & Social Protection

BACKGROUND

2004

Cash Transfer to Orphans and Vulnerable Children Programme was started in 2004 as a pilot covering 500 households in 3 districts.

2007

The Cash Transfer to Older Persons was started in 2007. The objective of the programme is to provide regular and predictable cash transfer to vulnerable older persons in identified households.

2010

Cash Transfer to Persons with severe disabilities was started in 2010. The objective of the programme is to enhance the capacities of the caregivers to improve the livelihoods of persons with severe disabilities.

2017

To eliminate the exclusion and marginalization, while also increasing coverage, the Government started a **universal programme** focusing on all elderly persons aged above 70 in July 2017.

EFFECTS

BANKING PARTNERS

The Account Based Model system is more secure, has afforded the beneficiaries a banking service of their choice, payments in proximity to their locations, ability to save and withdraw from several outlets among others.

IMPACT OF THE CASH TRANSFER PROGRAMMES

1 Cash transfers in Kenya have enhanced household purchasing power.

4 Safety nets have allowed households to make better investments for the future

7 There has been an impact on child health, with reduction in frequent illnesses of the children and other family members.

2 Evidence shows that there is an increase in Savings and Investments among the beneficiary households as a result of safety nets

5 Retention and transition of children in school was reported to have improved.

8 Local economy becomes vibrant during payment days.

3 There is evidence of reduction in poverty levels among the beneficiary households

6 There has been increase in food expenditure and dietary diversity.

9 Reduction in child labour among the benefitting households
